Essential Intelligence of Ibiza

Stanislav Popov (born 6 August 1983 near Stalingrad, USSR), better known by his stage name ESSIGI (short alias for name of his Radioshow - Essential Intelligence of Ibiza), is a Electronic Dance Music DJ and Producer.

He was a Resident of Major Spanish Nightclubs and presents a Strong Power of the Intelligent Djing.

He started his professional way in 1998 like DJ and promoter of his own parties in his school and grew up to organize events for thousands clubbers at the main stages of the city.

In 2005 he came to Spain and realized his dream to perform in the Best Spanish Clubs, during living and producing original music on the World's Main Electronic Island - IBIZA.

ESSIGI presents a conceptual vision to evolution of EDM culture to the Next Level. This is a High Complex Mix of the Music, Fractal Visuals, Bright Emotions and the Story. ESSIGI will take you to an Unforgettable Synesthesia Trip.

Concept of ESSIGI's mixing: to use only superb-quality emotional tracks and mix them with precision and tone accuracy. ESSIGI adapts his sets to all events individually with respect to line-up and traditions of the place.

ESSIGI is the most professional DJ of IBIZA Island with really great experience and special vision to Electronic Dance Music.

PRODUCER

Stanislav came to Electronic Music by influence of Euro House Classics – 2 Unlimited, Cappella, N-Trance, etc. He started to learn to play the piano and old Alesis synthesizer programming at the age of 11 years.

Produced more then 100 original tracks and remixes in different genres of EDM Music, Stanislav everyday looking a way to upgrade his musical skills and he hope to find the absolute harmonic combinations for all his projects.

LAST TRACKS:

VISUAL ARTIST

During perfomances, ESSIGI use the special videofootages based on fractal geometry and timelapses captured in the most beautiful places of Ibiza.

My visuals are one of most important feature of my performances. Like my music, the visuals invite you to go on an unforgettable journey.

A fractal is a natural phenomenon or a mathematical set that exhibits a repeating pattern that displays at every scale.

Fractals are different from other geometric figures because of the way in which they scale.
